**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS
AND THE ANNUAL MEETING**

Q: *Why am I receiving these materials?*

A: Agilent's Board of Directors (the "Board") is providing these proxy materials for you in connection with Agilent's annual meeting of stockholders, which will take place on February 27, 2007. Stockholders are invited to attend the annual meeting and are requested to vote on the proposals described in this proxy statement.

Q: *What information is contained in these materials?*

A: The information included in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of directors and our most highly paid officers and certain other required information. Agilent's 2007 Annual Report, audited financial statements, proxy card and return envelope are also enclosed.

Q: *What proposals will be voted on at the annual meeting?*

A: There are two proposals scheduled to be voted on at the annual meeting:

- the election of directors for a 3-year term; and
- the ratification of the Audit and Finance Committee's appointment of PricewaterhouseCoopers LLP as Agilent's independent registered public accounting firm.

Q: *What is the Agilent Board's voting recommendation?*

A: Agilent's Board recommends that you vote your shares "**FOR**" each of the nominees to the Board and "**FOR**" the ratification of the Audit and Finance Committee's appointment of PricewaterhouseCoopers LLP as Agilent's

independent registered public accounting firm.

Q: *What shares owned by me can be voted?*

A: All shares owned by you as of the close of business on January 2, 2007 (the "Record Date") may be voted by you. You may cast one vote per share of common stock that you held on the Record Date. These shares include shares that are: (1) held directly in your name as the stockholder of record, including shares purchased through the Agilent Technologies, Inc. 1999 Stock Plan ("Stock Plan") and the Agilent Technologies, Inc. Employee Stock Purchase Plan, and (2) held for you as the beneficial owner through a stockbroker, bank or other nominee or held for your account by the Agilent Technologies, Inc. 401(k) Plan ("401(k) Plan").

Q: *What is the difference between holding shares as a stockholder of record and as a beneficial owner?*

A: Most stockholders of Agilent hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some differences between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with Agilent's transfer agent, Computershare Investor Services, you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent to you directly by Agilent. As the stockholder of record, you have the right to grant your voting proxy directly to Agilent or to vote in person at the annual meeting. Agilent has enclosed a proxy card for you to use. You may also vote on the Internet or by telephone, as described below under the

heading “How can I vote my shares without attending the annual meeting?”

Beneficial Owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in “street name”, and these proxy materials are being forwarded to you by your broker or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker on how to vote and are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the annual meeting. Your broker or nominee has enclosed a voting instruction card for you to use in directing your broker or nominee as to how to vote your shares. You may also vote by Internet or by telephone, as described below under “How can I vote my shares without attending the annual meeting?”

Q: *How can I vote my shares in person at the annual meeting?*

A: Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to vote your shares in person at the annual meeting, please bring your admission ticket and the enclosed proxy card or proof of identification. Even if you plan to attend the annual meeting, Agilent recommends that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the annual meeting.

Shares held in street name may be voted in person by you only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

Q: *How can I vote my shares without attending the annual meeting?*

A: Whether you hold your shares directly as the stockholder of record or beneficially in “street name”, you may direct your vote without **attending** the annual meeting by voting (1) on the Internet, (2) on the telephone or (3) by completing and mailing your proxy card or voting instruction card in the enclosed pre-paid envelope. Please refer to the enclosed materials for more detailed instructions.

Q: *Can I change my vote?*

A: You may change your voting instructions at any time prior to the vote at the annual meeting. You may enter a new vote by using the Internet or the telephone or by mailing a new proxy card or new voting instruction card bearing a later date (which will automatically revoke your earlier voting instructions) or by attending the annual meeting and voting in person. Your attendance at the annual meeting in person will not cause your previously granted proxy to be revoked unless you specifically so request.

Q: *How are votes counted?*

A: In the election of directors, your vote may be cast “FOR” all of the nominees or your vote may be “WITHHELD” with respect to one or more of the nominees. For the other proposals, your vote may be cast “FOR” or, “AGAINST” or you may “ABSTAIN”. If you “ABSTAIN”, it has the same effect as a vote “AGAINST”. If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board. Any undirected shares that you hold in the 401(k) Plan will be voted in proportion to the way the other 401(k) Plan stockholders vote their 401(k) Plan shares.

Q: *What is the voting requirement to approve each of the proposals?*

A: In the election for directors, the three persons receiving the highest number of “FOR” votes will be elected. However, any nominee for director who receives a greater number of votes “withheld” from his or her election than votes “for” such election (a “Majority Withheld Vote”) shall promptly tender his or her resignation following certification of the stockholder vote. The affirmative vote of a majority of those shares present and entitled to vote is required to approve the ratification of the Audit and Finance Committee’s appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm. If you are a beneficial owner of Agilent shares and do not provide the stockholder of record with voting instructions, your beneficially owned shares may constitute broker non-votes, as described in “What is the quorum requirement for the annual meeting?” in the section entitled “Additional Questions and Information Regarding the Annual Meeting and Stockholder Proposals” located at the end of this proxy

statement. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote.

Q: *What does it mean if I receive more than one proxy or voting instruction card?*

A: It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Q: *How can I obtain an admission ticket for the annual meeting?*

A: An admission ticket is printed on the back cover of these proxy materials.

Q: *Where can I find the voting results of the annual meeting?*

A: Agilent will announce preliminary voting results at the annual meeting and publish final results in Agilent’s quarterly report on Form 10-Q for the second quarter of fiscal 2007.

BOARD STRUCTURE AND COMPENSATION

The Board is divided into three classes serving staggered three-year terms. The Board has nine directors and the following four committees: (1) Audit and Finance, (2) Compensation, (3) Nominating/Corporate Governance and (4) Executive. The number of Directors is currently fixed at nine.

Each director attended at least 75% of the aggregate number of Board and applicable committee meetings held when the director was serving on the Board, with the exception of Mr. Clark who attended one of the two Compensation Committee meetings held after his election to that committee (50%).

Audit and Finance Committee

The Audit and Finance Committee is responsible for the oversight of the quality and integrity of Agilent's consolidated financial statements, its compliance with legal and regulatory requirements, the qualifications and independence of its independent registered public accounting firm, the performance of its internal audit function and independent registered public accounting firm and other significant financial matters. In discharging its duties, the Audit and Finance Committee is expected to:

- have the sole authority to appoint, retain, compensate, oversee, evaluate and replace the independent registered public accounting firm;
- review and approve the scope of the annual internal and external audit;
- review and pre-approve the engagement of Agilent's independent registered public accounting firm to perform audit and non-audit services and the related fees;
- meet independently with Agilent's internal auditing staff, independent registered public accounting firm and senior management;
- review the adequacy and effectiveness of the system of internal control over financial reporting and any significant changes in internal control over financial reporting;
- review Agilent's consolidated financial statements and disclosures including "Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Company's reports on Form 10-K or 10-Q;
- establish and oversee procedures for (a) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters; and (b) the confidential anonymous submission by employees of the Company of concerns regarding

questionable accounting or auditing matters;

- review funding and investment policies, implementation of funding policies and investment performance of Agilent's benefit plans;
- monitor compliance with Agilent's standards of business conduct; and
- review disclosures from Agilent's independent registered public accounting firm regarding Independence Standards Board Standard No. 1.

Compensation Committee

The Compensation Committee reviews the performance of Agilent's elected officers and other key employees and determines, approves and reports to the Board on the elements of their compensation, including total cash compensation and long-term equity based incentives. In addition, the Compensation Committee:

- approves and monitors Agilent's benefit plan offerings;
- supervises and oversees the administration of Agilent's incentive compensation, variable pay and stock programs;
- recommends to the Board the annual retainer fee as well as other compensation for non-employee directors; and
- has sole authority to retain and terminate executive compensation consultants.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee proposes a slate of directors for election by Agilent's stockholders at each annual meeting and appoints candidates to fill any vacancies on the Board. It is also responsible for approving management succession plans, determining the appropriate

Board size and committee structure and developing and reviewing corporate governance principles applicable to Agilent. During fiscal year 2006, the Committee met three times. Each of the members of the Committee meets the definition of “independence” set forth in the NYSE’s corporate governance listing standards.

The Nominating/Corporate Governance Committee will consider candidates recommended for nomination by stockholders, provided that the recommendations are made in accordance with the procedures described in the section entitled “Additional Questions and Information Regarding the Annual Meeting and Stockholder Proposals” located at the end of this proxy statement. Candidates recommended for nomination by stockholders that comply with these procedures will receive the same consideration as other candidates recommended by the Committee.

Agilent hires Egon Zehnder International, a search firm, to help identify and facilitate the screening and interview process of candidates for director. To be considered by the Committee, a director nominee must have:

- experience as a Board member or senior officer of a Fortune 200 or equivalent company or have achieved national prominence in an academic, government or other relevant field;
- breadth of experience;
- soundness of judgment;
- the ability to make independent, analytical inquiries;
- the willingness and ability to devote the time required to perform Board activities adequately; and
- the ability to represent the total corporate interests of Agilent.

In addition to these minimum requirements, the Committee will also evaluate whether the candidate’s skills are complementary to the existing Board members’ skills and the Board’s needs for operational, management,

financial, international, technological or other expertise. The search firm screens the candidates, does reference checks, prepares a biography for each candidate for the Committee to review and helps set up interviews. The Committee and Agilent’s Chief Executive Officer interview candidates that meet the criteria, and the Committee selects candidates that best suit the Board’s needs. We do not use Egon Zehnder to evaluate current Board members.

Executive Committee

The Executive Committee meets or takes written action when the Board is not otherwise meeting. The Committee has full authority to act on behalf of the Board, except that it cannot amend Agilent’s Bylaws, recommend any action that requires the approval of the stockholders, fill vacancies on the Board or any Board committee, fix director compensation, amend or repeal any non-amendable or non-repealable resolution of the Board, declare a distribution to the stockholders except at rates determined by the Board, appoint other committees or take any action not permitted under Delaware law to be delegated to a committee.

Statement on Corporate Governance

Agilent has had formal corporate governance standards in place since the company’s inception in 1999. We have reviewed internally and with the Board the provisions of the Sarbanes-Oxley Act of 2002 (“Sarbanes-Oxley Act”), the rules of the SEC and the NYSE’s corporate governance listing standards regarding corporate governance policies and processes and are in compliance with the rules and listing standards. We have adopted charters for our Compensation Committee, Audit and Finance Committee and Nominating/Corporate Governance Committee consistent with the applicable rules and standards.

You can access our committee charters and standards of business conduct in the “Corporate Governance” section, which is on the left side of our web page at

www.investor.agilent.com or by writing to us at Agilent Technologies, Inc., 5301 Stevens Creek Blvd., Santa Clara, California 95051, Attention: Investor Relations.

Majority Voting for Directors

As part of our continuing efforts to enhance corporate governance procedures, the Agilent Board of Directors has amended our Bylaws to provide for majority voting of directors regarding director elections. In an uncontested election, any nominee for director who receives a greater number of votes “withheld” from his or her election than votes “for” such election shall promptly tender his or her resignation following certification of the stockholder vote. The Nominating/Corporate Governance Committee will consider the resignation offer and recommend to the Board whether to accept it. The Board will act on the Nominating/Corporate Governance Committee’s recommendation within 90 days following certification of the stockholder vote. Thereafter, the Board will promptly disclose their decision whether to accept the director’s resignation offer (and the reasons for rejecting the resignation offer, if applicable) in a press release to be disseminated in the manner that Company press releases typically are distributed. Any director who tenders his or her resignation pursuant to this provision shall not participate in the Nominating/Corporate Governance Committee recommendation or Board action regarding whether to accept the resignation offer.

Board Communications

Stockholders and other interested parties may communicate with the Board and Agilent’s Non-Executive Chairman of the Board of Directors by filling out the form at “Contact Chairman” under “Corporate Governance” at <http://investor.agilent.com> or by writing to James G. Cullen, c/o Agilent Technologies, Inc., General Counsel, 5301 Stevens Creek Blvd., MS 1A-15, Santa Clara, California 95051. The General Counsel will perform a legal review in the normal discharge of his duties to insure that

communications forwarded to the Non-Executive Chairman preserve the integrity of the process. For example, items that are unrelated to the duties and responsibilities of the Board such as spam, junk mail and mass mailings, product complaints, personal employee complaints, product inquiries, new product suggestions, resumes and other forms of job inquiries, surveys, business solicitations or advertisements (the “Unrelated Items”) will not be forwarded to the Non-Executive Chairman. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will not be forwarded to the Non-Executive Chairman. Any communication that is relevant to the conduct of Agilent’s business and is not forwarded will be retained for one year (other than Unrelated Items) and made available to the Non-Executive Chairman and any other independent director on request. The independent directors grant the General Counsel discretion to decide what correspondence shall be shared with Agilent management and specifically instruct that any personal employee complaints be forwarded to Agilent’s Human Resources Department. Agilent encourages, but does not require, its board members to attend the annual stockholders meeting. Last year, three of our directors attended the annual stockholders meeting.

Director Independence

Agilent adopted the following standards for director independence in compliance with the NYSE corporate governance listing standards:

1. No director qualifies as “independent” unless the Board of Directors affirmatively determines that the director has no material relationship with Agilent or any of its subsidiaries (either directly or as a partner, shareholder or officer of an organization that has a relationship with Agilent). Agilent or any of its subsidiaries must identify which directors are independent and disclose the basis for that determination.

In addition, a director is not independent if:

2. The director is, or has been within the last three years, an employee of Agilent or any of its subsidiaries, or an immediate family member is, or has been within the last three years, an executive officer of Agilent or any of its subsidiaries.

3. The director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from Agilent or any of its subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).

4. (A) The director or an immediate family member is a current partner of a firm that is the company's internal or external auditor; (B) the director is a current employee of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on Agilent's or any of its subsidiaries' audit within that time.

5. The director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of Agilent's or any of its subsidiaries' present executive officers at the same time serves or served on that company's compensation committee.

6. The director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, Agilent or any of its subsidiaries for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

The Board determined that Paul N. Clark, James G. Cullen, Robert J. Herbold, Robert L. Joss, Koh Boon Hwee, Heidi Kunz, David M. Lawrence, M.D. and A. Barry Rand meet the aforementioned independence standards. As the Non-Executive Chairman of the Board, James G. Cullen was chosen to preside at the regularly-scheduled executive sessions of the non-management directors. William P. Sullivan does not meet the aforementioned independence standards because he is Agilent's current President, Chief Executive Officer and an employee of Agilent.

Agilent's non-employee directors meet at regularly scheduled executive sessions without management.

DIRECTOR COMPENSATION ARRANGEMENTS AND STOCK OWNERSHIP GUIDELINES

Director Compensation Arrangements

The following table provides information on Agilent's compensation during the fiscal year ended October 31, 2006 for non-employee directors. Retainers are paid for the Board compensation plan year, which begins each March 1st. Directors who are employed by Agilent do not receive any compensation for their board activities.

NON-EMPLOYEE DIRECTOR COMPENSATION FOR FISCAL YEAR 2006			
	Cash Payment(2)	Option Grant(3)	Deferred Shares Credit(4)
Annual Director Retainer(1)	\$65,000	\$65,000	\$65,000
Additional Annual Non-Executive Board Chairman Retainer(5)	\$195,000		
One Time Initial Credit for Newly Appointed Director(6)			\$130,000
Additional Retainer for Committee Chairs(7)	\$10,000	\$0	\$0

- (1) Effective March 1, 2006, the non-employee directors receive annually (a) \$65,000 in cash; (b) \$65,000 in value of a stock option; and (c) \$65,000 in value of deferred shares of Agilent common stock. Any newly appointed director receives \$130,000 in value of deferred shares of Agilent common stock, pursuant to the 1999 Non-Employee Director Stock Plan. In 2006, the cash payment schedule was changed to be paid quarterly instead of annually. The stock options and the deferred shares also vest quarterly.

All current directors except Mr. Clark served the entire 2006 fiscal year. Mr. Clark joined the Board of Directors on May 17, 2006.

- (2) The director's compensation plan year begins on March 1st. Therefore, in fiscal year 2006, \$48,750 was paid out of the \$65,000 in three installments, in March 2006, June 2006 and September 2006, to all directors with the exception of Mr. Clark. Mr. Clark's cash payment was prorated from his starting date of May 17, 2006 and therefore in fiscal year 2006, Mr. Clark received \$35,037.67. Each director may elect to defer all or part of the cash component of his or her annual retainer and committee chair premium under a deferred compensation plan sponsored by Agilent Technologies, Inc. Any cash compensation that is deferred is converted into Agilent common stock.
- (3) Stock options were valued using the Black-Scholes methodology. Annual retainer grants were granted on November 15, 2005. The stock option vests quarterly over one year. Mr. Clark's option grant was prorated from his starting date of May 17, 2006 and he received \$51,287.67 in value of a stock option.
- (4) The value of the deferred shares was calculated using the Black-Scholes methodology. The deferred shares vest quarterly, and the deferred shares payout occurs three years following the date of grant, unless further deferred by the director under the terms of the 2005 Deferred Compensation Plan for Non-Employee Directors.
- (5) Mr. Cullen has served as the Non-Executive Chairman of the Board since March 1, 2005.
- (6) Pursuant to the 1999 Non-Employee Director Stock Plan, as amended and restated effective as of November 1, 2005, Mr. Clark received a one-time credit of \$130,000 in deferred shares in

lieu of the annual \$65,000 in deferred shares payment in fiscal year 2006, as he was a newly appointed director.

- (7) The Chairpersons of the Compensation Committee and the Audit and Finance Committee of the Board, provided they are not the Non-Executive Chairman of the Board of Directors, receive an additional \$10,000 annual retainer fee, and the Chairperson of any other Board Committee, provided that he or she is not the Non-Executive Chairman of the Board of Directors, receives an additional \$5,000 annual retainer fee. The Non-Executive Chairman of the Board of Directors is not eligible to receive any committee chair premiums. In fiscal year 2006, Ms. Kunz received \$10,000 for chairing the Audit and Finance Committee and Dr. Lawrence received \$10,000 for chairing the Compensation Committee. Mr. Cullen, the Non-Executive Chairman of the Board of Directors since March 1, 2005, chaired both the Nominating/Corporate Governance Committee and the Executive Committee and received no committee chair premiums.

Non-Employee Director Reimbursement Practice for Fiscal Year 2006

Non-Employee directors are reimbursed for travel and other out-of-pocket expenses connected to Board travel.

Stock Ownership Guidelines

In 2005, the company adopted a policy that requires each director to own Agilent shares having a value of at least three times the annual cash retainer (currently \$195,000). The shares counted toward ownership guidelines include shares owned outright and the shares of Agilent stock in the director's deferred compensation account. These ownership levels must be attained by the end of fiscal year 2009. Separately, company policy prohibits executive officers, members of the Board of Directors and other senior management employees from engaging in hedging strategies using puts, calls or other types of derivative securities based upon the value of Agilent stock.

PROPOSALS TO BE VOTED ON

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Agilent's Board is divided into three classes serving staggered three-year terms. Directors for each class are elected at the annual meeting of stockholders held in the year in which the term for their class expires. Agilent's bylaws, as amended, allow the Board to fix the number of directors by resolution. The number of directors is currently fixed at nine.

The terms for three directors will expire at this 2007 annual meeting. When Paul N. Clark joined the Board in May 2006, he was originally appointed as a director with a term expiring in 2009. However, in the interest of balancing our director classes, the Agilent Board decided to place Mr. Clark into the class of directors whose terms expire at this meeting. The three nominees named below are the only individuals proposed for election to the Board at this 2007 annual meeting. Directors elected at the 2007 annual meeting will hold office for a three-year term expiring at the annual meeting in 2010 (or until their respective successors are elected and qualified, or until their earlier death, resignation or removal). All of the nominees are currently directors of Agilent. Information regarding each of the nominees is provided below as of December 15, 2006. There are no family relationships among Agilent's executive officers and directors.

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit and Finance Committee of the Board has appointed PricewaterhouseCoopers LLP as Agilent's independent registered public accounting firm to audit its consolidated financial statements for the 2007 fiscal year. During the 2006 fiscal year, PricewaterhouseCoopers LLP served as Agilent's independent registered public accounting firm and also provided certain tax and other non-audit services. Although Agilent is not required to seek stockholder approval of this appointment, the Board believes it to be sound corporate governance to do so. If the appointment is not ratified, the Audit and Finance Committee will investigate the reasons for stockholder rejection and will reconsider the appointment.

Representatives of PricewaterhouseCoopers LLP are expected to attend the annual meeting where they will be available to respond to questions and, if they desire, to make a statement.

**Agilent's Board recommends a vote FOR the ratification of the
Audit and Finance Committee's appointment of

Long-Term Incentive Plan Awards in Last Fiscal Year

Effective November 1, 2003, the Compensation Committee established the Long-Term Performance Program (the "LTP Program"), which was applicable only to Agilent's executive officers at that time. The objective of the LTP Program was to motivate and reward Agilent's executive officers to produce results that increase stockholder value and to encourage individual and team behavior that helps Agilent achieve both short-term and long-term company objectives. Effective November 1, 2005, the LTP Program was extended to other key employees. For the three-year performance period ending October 31, 2008 no award of performance shares will be paid at the end of the performance period unless Agilent achieves at least the 25th percentile in total stockholder return (as defined in the LTP Program), as compared to a peer group of 66 other companies in the S&P 500 Information Technology Index, minus that index's Software Services component and the S&P 500 Health Care Equipment sector. If Agilent's total stockholder return is at the 25th percentile, the threshold award will be earned. At the 50th percentile 100% of the target award will be earned, and at the 75th percentile and above the maximum award of 200% of target will be earned. The following table sets forth estimates of the possible future payouts to each of the named executive officers under the LTP Program. There can be no assurance that the

estimated future payouts shown in this table will be achieved or, if they are achieved, at what level they will be achieved.

Name	Number of Shares(2)	Performance or Other Period Until Maturity or Payout(3)	Estimated Future Payouts(1)		
			Threshold (#)	Target (#)	Maximum (#)
William P. Sullivan . . .	71,200	10/31/08	17,800	71,200	142,400
Adrian T. Dillon	36,000	10/31/08	9,000	36,000	72,000

D. Craig Nordlund	11,000	10/31/08	2,750	11,000	22,000

(1) Payouts will be in shares of Agilent common stock based on relative performance as described above. Estimated individual future payouts are number of shares ranging from the threshold amounts, if Agilent’s performance in both measures is at the 25th percentile, up to the maximum amounts, if the plan goals are substantially exceeded.

(2) Represents performance shares granted based on performance at the target.

(3) Performance is measured over a three-year period beginning November 1, 2005.

Pension Plans

The following table shows the estimated annual benefits payable on retirement to Agilent’s eligible employees in the U.S. under the Agilent Technologies, Inc. Deferred Profit Sharing Plan (the “Deferred Profit Sharing Plan”), Agilent’s Retirement Plan (the “Retirement Plan”) and Agilent’s Excess Benefit Retirement Plan (the “Excess Benefit Plan”). To calculate the number of years of an eligible employee’s service, the pension plans bridge each eligible employee’s service, if any, with Hewlett-Packard Company to that eligible employee’s service with Agilent.

For fiscal year 2006, benefits exceeding \$175,000 will be paid pursuant to the Excess Benefit Plan. No more than \$220,000 (as adjusted from time to time by the U.S. Internal Revenue Service) of eligible compensation may be taken into account in calculating benefits payable under the Retirement Plan or the Deferred Plan. Benefits attributable to annual earnings over \$220,000 are payable under the Excess Benefit Plan. Benefits payable under the Excess Benefit Plan are available in a lump sum or 5 annual installments.

The covered compensation for each of the Named Executive Officers Messrs. Sullivan, Dillon, Byrne, van Ingen and Nordlund is the highest five-year average of base pay for such Named Executive Officer.

The Named Executive Officers, Messrs. Sullivan, Dillon, Byrne, van Ingen and Nordlund, have been credited with the following years of service as of October 31, 2006: Mr. Sullivan, 30 years; Mr. Dillon, 5 years; Mr. Byrne 23 years; Mr. van Ingen, 29 years; Nordlund, 30 years. Retirement benefits shown are expressed as a single life annuity at age 65 and reflect the maximum offset currently in effect under Section 401(l) of the Code, taking into account the employer contributions to Social Security. For purposes of calculating the benefit, an employee cannot be credited with more than 30 years of service. Benefits under the Retirement Plan are payable in the form of a single life annuity, a qualified joint and survivor annuity or a lump sum.

Certain Relationships and Related Transactions

On February 5, 2002, Agilent made a relocation loan to Mr. Adrian T. Dillon, Executive Vice President and Chief Financial Officer, as part of the employment package required to induce Mr. Dillon to join Agilent and move from Cleveland, Ohio to the San Francisco Bay Area. In place of a standard relocation bonus, Agilent provided a loan of \$2.5 million to be used for the purchase of a home. Provided that Mr. Dillon remains at Agilent, the loan will continue to be forgiven over a five-year period at 20% per year. The loan is secured by a deed of trust on the house. The unforgiven portion of the note plus 10% per annum interest will be due in full (i) upon insolvency of Mr. Dillon, (ii) upon any transfer of the property without the prior written consent of Agilent, (iii) within three months of termination of employment for any reason and (iv) within one year following the death of Mr. Dillon. If the amount due is not paid within five days of the due date, at the option of Agilent, the unforgiven portion shall begin to accrue interest equal to 15% per annum. In accordance with the Sarbanes-Oxley Act, Agilent will not materially modify or renew this loan and, in the future, will not provide any new loans to its executive officers as required under the Sarbanes-Oxley Act.

Termination of Employment and Change-in-Control Arrangements

Each of Messrs. Sullivan, Dillon, Byrne, van Ingen and Nordlund, and one other executive officer has signed a Change of Control Severance Agreement. Under these agreements, in the event that within 24 months of a change of control of Agilent, Agilent or its successor terminates the employment of such an executive without cause or an event constituting good reason occurs and the executive resigns within 3 months of such an event, the executive (other than Mr. Sullivan) will be entitled to: (i) two times, or solely with respect to the CEO, three times, the sum of such executive's base salary and target bonus, (ii) payment of COBRA continuation premiums for up to 18 months, (iii) full vesting of all outstanding options and any restricted stock awards and (iv) a prorated portion of any bonus. To the extent that the payment of these benefits had triggered the excise tax under Section 4999 of the Code or any comparable federal, state, local or foreign excise tax, Agilent would have paid an additional amount to cover all additional tax liability arising from the application of such excise tax.

In exchange for such consideration, each executive has agreed (i) to execute a release of all of the executive's rights and claims relating to his or her employment, (ii) not to solicit any of Agilent's or its successor's employees for 2 years and (iii) not to compete for 1 year with up to 15 competitors of Agilent or its successor, as determined by Agilent or its successor.

In addition, in the event of a change of control, participants in the LTP Program would receive at the earlier of the end of the performance period or termination of the program an LTP Program payout equivalent to the greater of the target award or the accrued amount of the payout, prorated for the amount of time elapsed during the first twelve months of the performance period.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD ON EXECUTIVE COMPENSATION

Agilent's executive compensation program is administered by the Compensation Committee of the Board (the "Compensation Committee"). The Compensation Committee, which is composed entirely of independent, non-employee directors, is responsible for approving and reporting to the Board on all elements of compensation for the elected corporate officers. The Compensation Committee has furnished the following report on executive compensation for fiscal year 2006. The Compensation Committee convened five times during the fiscal year. Management were present at all meetings, with the exception of executive sessions, which were held at every meeting. At some of the meetings an external consultant was also present.

Compensation Philosophy

The goal of the executive compensation program is to provide a total compensation package composed of cash, equity and benefits which will attract, motivate and retain talented executives responsible for the success of Agilent. The total package reflects Agilent's Pay for Performance philosophy and is designed to inspire and reward according to the performance of executives, business organizations and Agilent.

Executive Compensation Practices

Each year the Compensation Committee reviews and selects a group of high technology public companies with approximately the same revenue size as Agilent to use for benchmarking Agilent executive compensation. The Compensation Committee uses an independent compensation consultant to develop the information and recommend the appropriate ranges for each component, so the overall levels are aligned with Agilent's pay philosophy for each of the named executives. In this year the peer group for comparisons was changed; the new peer group is based on 66 companies in the S&P Information Technology sector excluding the Software and Services group, plus the S&P Healthcare

Equipment group. The Compensation Committee's practice is to target direct compensation levels for Agilent's executives at the 50th to the 75th percentile of surveyed companies in both the mix of elements and total value. Total direct compensation includes base pay, short-term bonus and long-term incentive grant value. Performance is measured against the following factors, which may vary as required by business conditions:

- long and short term strategic goals;
- revenue, profit, and return on invested capital goals;
- customer satisfaction and winning in our markets;
- growth and new business creation;
- total stockholder return;
- the development of strong leadership and accountability throughout Agilent; and
- the fostering of innovation, teamwork and core Agilent values.

In setting the goals and measuring an executive's performance against those goals, Agilent considers the performance of its competitors and general economic and market conditions. The Compensation Committee recognizes that the relative importance of some factors included in Agilent's strategic and business goals can be affected by changes to Agilent's operations, specific business challenges and changing economic and marketplace conditions.

Components of Executive Compensation

The compensation program for executive officers consists of the following four components:

- base pay;
- short-term incentives;
- long-term incentives; and
- benefits.

Base Pay

The salary for each executive officer is established each year based on a salary range that corresponds to the competitive market, job responsibilities and overall individual job performance. During fiscal year 2006, salaries for the named executives remained constant. The Compensation Committee believes that current salaries for these positions generally approximate competitive levels.

Short-Term Incentive

Agilent's pay-for-performance philosophy ensures that short-term incentive compensation follows achievement of business-specific goals. The Agilent Technologies, Inc. Performance-Based Compensation Plan for Covered Employees ("Performance-Based Compensation Plan") provides for cash bonuses to be paid semi-annually when performance targets are achieved. During fiscal year 2006, the executive officers participated in the Performance-Based Compensation Plan. Actual bonuses paid to executive officers in 2006 were based on the extent to which return on invested capital goals established for each six-month performance period were achieved. The maximum short-term incentive payout possible for 2006 was 200% of individual target awards, and the minimum payout was zero. Individual target awards for the named executive officers ranged from 60% to 110% of salary. The actual percent of salary achieved by the named executives ranged from 52% to 126% over the two six-month performance periods in 2006.

Long-Term Incentives

The long-term incentive program is designed to encourage creation of long-term value for our stockholders, retain qualified key employees, and build equity ownership among executives. Agilent's long-term incentive program utilizes a combination of stock options and long-term performance shares, both of which are a critical component of Agilent's efforts to attract and retain executive officers whose contributions are necessary for the company's future success.

Executive officers received 50% of the annualized target grant value in the form of a non-qualified stock option and 50% in performance shares. Both the 2006 stock option grants and performance share grants were made under the shareholder-approved 1999 Stock Plan. In all cases, annualized long-term grant values were recommended by position, based on ranges set to approximate the 50th percentile of peer companies.

Stock options have always been used as one of Agilent's long-term incentive vehicles and provide value only if Agilent's stock price increases (which benefits all stockholders), and only if the employee remains with Agilent until his or her options vest. Each stock option grant allows the recipient to acquire shares of Agilent's common stock, subject to the completion of a four-year installment vesting period. These options may be exercised at a fixed price per share (the market price on the grant date) over a ten-year period.

Agilent introduced a performance share program in fiscal year 2004 for the executive officers. Performance shares will be granted annually and may be earned at the end of overlapping three-year performance cycles from zero to 200% of target grants, contingent upon Agilent's business performance being higher than the 25th percentile of peer companies. For the performance cycles that commenced in fiscal years 2004 and 2005, the Compensation Committee approved two relative measures for determining earned performance shares, Total Shareholder Return and Size-Adjusted Growth in Earnings. Beginning in fiscal year 2006 the Compensation Committee approved moving from two relative measures to one relative measure, Total Shareholder Return. The peer companies used for performance comparisons are those comprising the S&P Information Technology index, excluding both the Software and Services group and the S&P Healthcare Equipment group. Their business models and compensation practices vary from that of Agilent and the other peer companies selected.

Benefits

The global benefits philosophy provides employees protection from catastrophic events and offers health and welfare benefits in the given country in which Agilent operates. Where applicable, employees are responsible for managing benefit choices, balancing their own level of risk and return. During fiscal year 2006, Agilent offered medical and other benefits to its executives that are generally available to other Agilent employees. Executive officers also have company-paid financial counseling and depending upon salary levels are eligible to voluntarily defer base salary, short-term incentives and performance shares. Deferrals of base salary and short-term incentives are credited with returns based on the investment choices available under Agilent's 401(k) plan, except for Agilent stock. Performance shares are deferred in the form of Agilent common stock only.

Policy Regarding Compensation in Excess of \$1 Million a Year

Section 162(m) of the Internal Revenue Code ("the Code") generally disallows a tax deduction for compensation in excess of \$1 million paid to Agilent's Named Executive Officers. Certain compensation is specifically exempt from the deduction limit to the extent that it does not exceed \$1 million during any fiscal year or is "performance based" as defined in Section 162(m) of the Code. The Compensation Committee considers the net cost to Agilent, and its ability to effectively administer executive compensation in the long-term interests of shareholders. Accordingly, the Compensation Committee intends for short-term incentives, stock options and performance shares to be fully deductible under Section 162(m) of the Code.

Stock Ownership Guidelines

Agilent's stock ownership guidelines are designed to increase an executive's equity stake in Agilent and more closely align his or her interests with those of our other stockholders. The guidelines provide that the President and Chief Executive Officer should

attain an investment level in Agilent's stock equal to five times annual salary, including direct ownership of at least 20,000 shares of Agilent stock. All other executive officers should attain an investment level equal to three times annual salary, including direct ownership of at least 15,000 shares for the Chief Financial Officer and at least 10,000 shares for all other executive officers. In each case, these ownership levels must be attained by the later of five years from election to their executive officer positions or the end of fiscal year 2007 for those who were executive officers prior to 2002.

Compensation for the Chief Executive Officer

William P. Sullivan has been serving as Chief Executive Officer since March 1, 2005. The Compensation Committee used the executive compensation practices described previously, to determine Mr. Sullivan's compensation for the fiscal year ended October 31, 2006. In setting both the cash and equity elements of Mr. Sullivan's compensation, the Compensation Committee made an overall assessment of Mr. Sullivan's leadership in establishing Agilent's strategy and direction, building organizational capabilities and delivering results.

The Compensation Committee surveyed the total value and mix of direct compensation elements for chief executive officers of selected high technology companies to determine Mr. Sullivan's compensation.

The Compensation Committee set Mr. Sullivan's FY06 annualized target total cash compensation at \$1,942,500. His CEO annualized salary is \$925,000, and was coupled with an annualized \$1,017,500 target bonus opportunity under the Performance-Based Compensation Plan. His actual annualized earned bonus could range between zero and \$2,035,000 if maximum performance objectives were to be achieved. His fiscal year 2006 performance objectives were based entirely on return on invested capital goals, in order to support Agilent's focus in 2006 of regaining financial strength.

Mr. Sullivan's actual salary for FY06 was \$906,247 and his actual bonus amount was \$1,139,953.

Mr. Sullivan's 2006 long-term incentive grants consisted of a non-qualified stock option grant to purchase a total of 213,600 shares of Agilent common stock, with the same provisions as stock options granted to other key employees. Pursuant to the LTP Program, he was also awarded 71,200 target performance shares that could be earned

following the completion of fiscal year 2008 based on Agilent's actual performance.

STOCK PRICE PERFORMANCE GRAPH

The graph below shows the cumulative total stockholder return, assuming the investment of \$100 (and the reinvestment of any dividends thereafter) for the period beginning on October 31, 2001, and ending on October 31, 2006, on each of: Agilent's common stock; the S&P 500 Index; a peer group index based on the S&P Information Technology and Healthcare Peer Group Composite Index including the sectors of Semiconductor Equipment and Semiconductors (the "Peer Group With Semiconductor"); and a peer group index based on the S&P Information Technology and Healthcare Peer Group Composite Index excluding the two semiconductor sectors (the "Peer Group Excluding Semiconductor"). Agilent's stock price performance shown in the following graph is not indicative of future stock price performance. The data for this performance graph was compiled for us by Standard and Poor's.

The "Peer Group With Semiconductor" is composed of companies that are members of the S&P Information Technology Index and the S&P Healthcare Index that compete in sectors related to Agilent's businesses. The individual companies that comprise the sectors are chosen and maintained by S&P. The sectors are Electronic Equipment Manufacturers, Semiconductor Equipment, Semiconductors, Communications Equipment and Healthcare Equipment. These sectors were selected by Agilent.

We have changed our peer group this year to create the new "Peer Group Excluding Semiconductor" to better reflect our Agilent business after the divestiture and spin off our semiconductor business units. The new Peer Group Excluding Semiconductor is composed of companies that are members of the S&P Information Technology Index and the S&P Healthcare Index that compete in sectors related to Agilent's current businesses. The sectors that we have chosen for our new peer group are Communications Equipment, Electronic Equipment Manufacturers and Health Care Equipment. The individual companies that comprise those three sectors are chosen and maintained by S&P, and are the same in both our old and new peer groups.

**ADDITIONAL QUESTIONS AND INFORMATION REGARDING
THE ANNUAL MEETING AND STOCKHOLDER PROPOSALS**

Q: What happens if additional proposals are presented at the annual meeting?

A: Other than the two proposals described in this proxy statement, Agilent does not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders, William P. Sullivan, Agilent's President and Chief Executive Officer, and D. Craig Nordlund, Agilent's Senior Vice President, General Counsel and Secretary, will have the discretion to vote your shares on any additional matters properly presented for a vote at the annual meeting. If for any unforeseen reason, any one or more of Agilent's nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

Q: What class of shares is entitled to be voted?

A: Each share of Agilent's common stock outstanding as of the close of business on January 2, 2007, the Record Date, is entitled to one vote at the annual meeting. On the Record Date, Agilent had approximately 406,351,640 shares of common stock issued and outstanding.

Q: What is the quorum requirement for the annual meeting?

A: The quorum requirement for holding the annual meeting and transacting business is a majority of the outstanding shares entitled to be voted. The shares may be present in person or represented by proxy at the annual meeting. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matter on which the

broker has expressly not voted. Thus, broker non-votes will not affect the outcome of any of the matters being voted on at the annual meeting. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the beneficial owner and (2) the broker lacks discretionary voting power to vote such shares.

Q: Who will count the vote?

A: A representative of Computershare Investor Services will tabulate the votes and act as the inspector of election.

Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Agilent or to third parties except (1) as necessary to meet **applicable** legal requirements, (2) to allow for the tabulation of votes and certification of the vote and (3) to facilitate a successful proxy solicitation by the Board. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to Agilent's management.

Q: Who will bear the cost of soliciting votes for the annual meeting?

A: Agilent will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. Agilent has retained the services of Georgeson Shareholder Communications Inc. ("Georgeson") to aid in the solicitation of proxies from banks, brokers, nominees and intermediaries. Agilent estimates that it will pay Georgeson a fee of \$15,000 for its

services. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by Agilent's directors, officers and employees, who will not receive any additional compensation for such solicitation activities. In addition, Agilent may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners.

Q: *May I propose actions for consideration at next year's annual meeting of stockholders or nominate individuals to serve as directors?*

A: You may submit proposals for consideration at future annual stockholder meetings, including director nominations.

Stockholder Proposals: In order for a stockholder proposal to be considered for inclusion in Agilent's proxy statement for next year's annual meeting, the written proposal must be received by Agilent no later than September 14, 2007 and should contain such information as is required under Agilent's Bylaws. Such proposals will need to comply with the SEC's regulations regarding the inclusion of stockholder proposals in Agilent-sponsored proxy materials. In order for a stockholder proposal to be raised from the floor during next year's annual meeting, written notice must be received by Agilent no later than September 14, 2007 and should contain such information as required under Agilent's Bylaws. If we do not receive notice of your proposal within this time frame, our management will use its discretionary authority to vote the shares it represents as the Board may recommend.

Nomination of Director

Candidates: Agilent's Bylaws permit stockholders to nominate directors at a stockholder meeting. In order to make a director nomination at an annual

stockholder meeting, it is necessary that you notify Agilent not less than 120 days before the first anniversary of the date that the proxy statement for the preceding year's annual meeting was first sent to stockholders. Agilent's 2007 Proxy Statement was first sent to stockholders on January 12, 2007. Thus, in order for any such nomination notice to be timely for next year's annual meeting, it must be received by Agilent not later than September 14, 2007. In addition, the notice must meet all other requirements contained in Agilent's Bylaws and include any other information required pursuant to Regulation 14A under the Exchange Act.

Copy of Bylaw Provisions: You may contact the Agilent Corporate Secretary at Agilent's corporate headquarters for a copy of the relevant Bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates. Additionally, a copy of Agilent's Bylaws can be accessed on the Agilent Investor Relations Web site at <http://www.investor.agilent.com>. Click "Corporate Governance" and then "Corporate Governance" on the left hand side of the screen.

Q: *How do I obtain a separate set of voting materials if I share an address with other stockholders?*

A: To reduce expenses, in some cases, we are delivering one set of voting materials to certain stockholders who share an address, unless otherwise requested by one or more of the stockholders. A separate proxy card is included in the voting materials for each of these stockholders. If you have only received one set, you may request separate copies of the voting materials at no additional cost to you by calling us at (408) 553-2424 or by writing to us at Agilent Technologies, Inc., 5301 Stevens Creek Blvd., Santa Clara, California 95051, Attn: Shareholder Records. You may also contact us by calling or writing if you

would like to receive separate voting materials for future annual meetings.

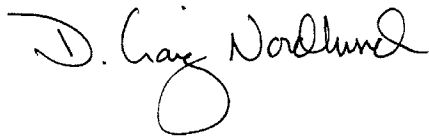

Q: *If I share an address with other stockholders of Agilent, how can we get only one set of voting materials for future meetings?*

A: You may request that we send you and the other stockholders who share an

address with you only one set of voting materials by calling us at (408) 553-2424 or by writing to us at: Agilent Technologies, Inc., 5301 Stevens Creek Blvd., Santa Clara, California 95051, Attn: Shareholder Records.

You may receive a copy of Agilent's Annual Report on Form 10-K for the fiscal year ended October 31, 2006 without charge by sending a written request to Agilent Technologies, Inc., 5301 Stevens Creek Blvd., Santa Clara, California 95051, Attn: Investor Relations.

No member of the Committee may serve on the audit committee of more than three public companies, including the Company, unless the Board of Directors determines that such simultaneous service will not impair the ability of such member to effectively serve on the committee.
- B. No member of the Committee shall receive compensation other than director’s fees for service as a director of the Company, including reasonable compensation for serving on the Committee and regular benefits that other directors receive.

II. PURPOSE
